Keep your education moving. Complete your high school diploma through the Adult Learner Program from Insight School of Kansas.
Insight School of Kansas’s tuition-free Adult Learner Program gives you the chance to complete the requirements for a high school diploma, no matter how long ago or at what point you left, or for whatever reason—personal, family, or job responsibilities.

“I felt incomplete without my high school diploma—nowadays you can’t really get anywhere without it. At Insight, I know I can do it if I put the work in. They understand the trials of life and offer the help you need to make sure you graduate.”

This is not a GED program, a quick way to earn the equivalent of a high school diploma. Rather, Insight School of Kansas’s Adult Learner Program is a tuition-free, full-time, fully accredited, online program developed specifically to give adult learners the chance to finish high school at the pace that is right for them.

Program features:

- Online courses and flexible scheduling that fits your daily life, so you can complete schoolwork while addressing your day-to-day responsibilities
- Access to courses from anywhere there is an Internet connection
- Multiple levels of core subjects and world language courses
- Elective courses in three career tracks—Liberal Arts, Entrepreneurial, and Science & Technology
- College and career planning courses and tools that give you the information you need for life after high school
- Highly qualified, Kansas-licensed, subject-specific teachers who provide instruction and support
- Scheduling options that allow you to concentrate on fewer courses at a time and focus on mastering concepts

“Insight School allowed me to still be a wife and mother. I was able to cook, clean, and take care of my family, while still being able to work toward my diploma.”

If you’re one of the more than 50,000 adults in Kansas who weren’t able to complete their high school education, we want you to know that you’re not alone, and that it’s not too late.
Where will you go next?

These days, a high school diploma can make the difference in the number and types of opportunities that are open to adults, from employment options to higher education. Our Adult Learner Program gives you the chance to earn a diploma that is recognized by employers, colleges, and universities nationwide.

In addition to courses in English/language arts, math, science, history, and world languages, Insight School of Kansas’s Adult Learner Program also offers three elective career tracks that allow adult students to focus on a particular post-school path:

- **Liberal Arts** includes electives like journalism, public speaking, psychology, and other topics that prepare students for possible careers in sales, management, health care, education, and more.
- The **Entrepreneurial** track features topics such as personal finance, economics, marketing, and entrepreneurship to prepare students for starting a new business, launching a franchise, or contracting in a variety of industries.
- **Science and Technology** electives include forensic science, computer literacy, image design and editing, and more for those wishing to explore careers in IT, computer programming, and other technology-related fields.

A high school diploma is the key to opening doors to the rest of your life. Take the first step today.

“I started life backward—I worked instead of going to school. I wanted to prove to myself and my family that I could do this. I’m now finishing a degree in Health Care Administration.”
It’s never too late.

If you’re looking for a program to get you back on track toward your high school diploma—one that can help you achieve your life goals, set an example for others, and give you a boost in life—Insight School of Kansas’s Adult Learner Program may be the solution you seek.

- Tuition free
- Flexible scheduling that fits your needs
- Access to online courses anytime, anywhere
- Social activities and opportunities
- Accredited high school diploma
- Dedicated adult advisors
- A variety of starting levels
- Elective career tracks

It’s your life.
Keep learning.

“I work full time and have 16 grandchildren. [Insight] is the best thing that could have happened to me—I’m so happy I did it. My two granddaughters are also graduating high school this year, so we will all celebrate together!”
